RECENT EXPERIENCE

DIVVY PAY/ BILL | Draper, UT | 2018-present

Mid I Software Engineer in Test

- Developed end-to-end automated tests and performed necessary manual tests for various projects.
- Built, designed, and maintained a testing suite for a greenfield project with the collaboration of other developers.
- Created a centralized flow for development approval requests for Design and Quality Assurance to reduce bottlenecks.

INTERMOUNTAIN HEALTHCARE: SANPETE VALLEY HOSPITAL | Mt. Pleasant, UT | 2015-2018

Health Information Management (Medical Records)

- Released and organized Intermountain Healthcare's medical records for Sanpete Valley Hospital.
- Filed and validated inpatient and outpatient records.
- Received on-site training for the hospital's software including training for inputting birth certificates for births from Sanpete Valley Hospital for the state of Utah.
- Worked on extra corporate projects dealing with retrieving numbers relating to patient records for auditing.
